

**WOLF**  
SUSPENSION

# LEAD THE PACK

When it comes to off-roading adventures, Australia is second to none. You can journey from lively green forests, through to mesmerising desert plains and glorious open coastlines.

Tackle the toughest conditions this beautifully rugged land has to offer. Forge the path forward with Wolf – the ultimate choice for independent trailer suspension.

Designed, manufactured and tested right here in Australia, you can depend on Wolf suspension's cutting edge technology to take you on far away adventures and get you back home again.

# Components

## ① Bump Stops

- Eco-friendly polyurethane
- Superior ride quality
- Corrosion resistant
- Protection from top-out

## ③ Delrin Bushes

- Lifetime warranty
- Non-binding
- Self-lubricating
- Full pivot flexibility

## ⑤ Trailing Arms

- Australian BlueScope™ steel
- E-coated premium finish
- Dual cross member design
- Engineer tested

## ② Coil Springs

- Durable chrome-silicon material
- Australian-designed & manufactured
- Optimum ride height
- Load tested in Australia

## ④ KYB™ Shock Absorbers

- Speed sensitive valving
- Teflon bushes
- All weather fluids
- Fast & easy installation

## ⑥ Sunrise™ Brakes

- Dampens vibration
- Japanese bearings
- Off-road backing plates
- High-quality brake shoes

# Features

- Australian-Made
- Adjustable camber & toe
- Greasable hinges
- Unique ID number
- Colour selection available
- Includes user guide

# KYB Shock Absorbers

All Wolf suspension systems are fitted with KYB Tena Force™ heavy duty shock absorbers.

With a large 35mm bore, the Tena Force™ shock absorber incorporates an increased oil capacity to minimise overheating and fade-out while in operation.

Designed in Japan for heavier payloads, these shocks ensure superior stability and exceptional performance.

## Twin Tube Design

- Hardened 16mm piston rod
- Handles extreme conditions

## Seamless Eye Rings

- Snug fit around mounting bush
- Eliminates weak points

## 4 Step Multi Lip Seals

- Eliminates contamination
- Maintains oil & gas integrity

## Speed Sensitive Valving

- Multi-stage compression
- Instant response for fast recovery

## Hard Chromed Pistons

- Micro-smoothness
- Reduced friction & heat

## All Weather Fluids

- Maintains constant viscosity
- Provides consistent control
