

RATCHET TRUCK WINCH

SPECIFICATION FOR CLIP-ON AND SLIDE-ON

* Clip on Winch with and without strap

* Slide on Winch with and without strap

Ratchet Truck Winch

The ratchet truck winch gives the benefits of high pretension with 30% less effort for the operator over other winches for easy operation making them an effective way to restrain heavy loads for transport applications.

- Soft, flexible design provides scratch free usage on valuable vehicles.
- Can be combined with other straps for custom assemblies.

Bare Winch Specification :

- Lashing capacity of 3000kg for webbing or G70 chain.
- Manufacture from medium grade hi-tensile steel gold passivated for corrosion protection.
- Marked with lashing capacity, batch numbered and branded Austlift for traceability.
- Batch test certificate available upon request.

Strap Winch Specification :

- Lashing capacity of 2500kg for webbing.
- Manufacture from medium grade hi-tensile steel gold passivated for corrosion protection.
- Marked with lashing capacity, batch numbered and branded Austlift for traceability.
- Batch test certificate available upon request.
